

Honeywell®

Voyager 1202g, 1D laser, wireless scanner, battery free, USB, black

Honeywell's Voyager™ 1202g single-line laser scanner incorporates the freedom of Bluetooth® wireless technology. Voyager 1202g delivers the aggressive linear bar code scanning that users have come to expect from the world-renowned Voyager family of scanners. The reader has no battery, but capacitor.

Wireless Sensor Honeywell 1202 BT Voyager allows you to scan all standard 1D barcodes to 10 meters or more from the base (depending on usage environment). **Modern design with a capacitor instead of batteries.** Excellent ability to read poor quality bar code scanning improves performance and reduces the possibility of erroneous code reading quick scan, including damaged codes and blurry. To find a reader, simply press the button on the stand.

Key features scanner Voyager 1202 g:

- no battery, but the capacitor
- for proper functionality of the product and a full charge readers should buy feed 1202-ZDROJ
- Bluetooth® Wireless Technology: Facilitates scanning of all standard 1D bar codes 10 meters (33 feet) or more away from the base, depending on the user's environment
- Automatic Interface Configuration: Supports all popular interfaces in one device, replacing the time consuming process of scanning programming bar codes with automatic interface detection and configuration
- Excellent Poor Quality Code Reading: Increases throughput and reduces the potential for hand-keyed errors by quickly scanning a variety of 1D bar codes, including those that are damaged or smudged
- Paging Functionality: Simply press the button on the base to locate your lost scanner; Voyager 1202g responds with a series of beeps and blinking lights on its indicator panel
- Remote MasterMind™ Ready: Reduces total cost of ownership by providing a turnkey remote device management solution that easily manages and tracks usage of installed device

Technical Description

Functionality & Operation

1D Barcode Symbolologies	All standard one-dimension barcodes
Communication interface	USB, RS232, keyboard
Wireless communication	Bluetooth®
WPAN Features	Bluetooth® Class II compliance v2.1

Optical

Depth of scan field	0-367 mm
Scanning rate	100scan/s
Maximal skew angle	60°
Bar code scanner	Laser

Electrical

Battery charging time	4hod
Main battery pack operating time	12hod
Main battery pack	Li-Ion 1800 mAh

Mechanical

Weight	365g
Dimensions	Width: 180mm, Height: 92mm Length: 66mm

Environment

Maximal ambient light	70000lux
Shock resistance	drop from 1,5 m onto concrete surface
Storage humidity (non-condensing)	0 to 95%
Ingress protection	IP42
Operating temperature	0 to 40°C
Storage temperature	-5 to 35°C

Others

Warranty	1 year
