

Honeywell®

Voyager 1250 - USB, black with stand

Honeywell's Voyager 1250g single-line laser scanner provides a superior out-of-box experience and aggressive reading of linear bar codes, including those up to 23 inches away. For users that require hands-free scanning, the easy-to-assemble Voyager 1250g

Features:

- Extended Depth of Field: Scans out-of-reach items with ease and allows users to scan 13 mil bar codes from as far away as 17.6 inches (447 mm) - Automatic Interface Detection: Supports all popular interfaces in one device, replacing the time consuming process of scanning programming bar codes with automatic interface detection and configuration - CodeGate® Technology: Enables users to ensure that the desired bar code is scanned before transmitting data, making the scanner ideal for use in menu scanning applications - Superior Out-of-Box Experience: Simplifies set up with quick and easy stand assembly; automatic in-stand detection and configuration; increases throughput with true object detection - Ergonomic Design: Fits comfortably in most hands, reducing user fatigue in scan-intensive applications - Remote MasterMind™ Ready: Reduces total cost of ownership by providing a turnkey remote device management solution that easily manages and tracks usage of installed d

Technical Description

Functionality & Operation

Communication interface	USB
1D Barcode Symbologies	All standard one-dimension barcodes

Optical

Scanning rate	100scan/s
Maximal skew angle	60°
Bar code scanner	Laser

Electrical

Power Source	+5 VDC ±5%
--------------	------------

Mechanical

Weight	133g
Dimensions	Width: 74mm, Height: 60mm Length: 168mm
Color	black

Environment

Maximal ambient light	70lux
Operating temperature	0 to 40°C
Ingress protection	IP40
Operating humidity (non-condensing)	5 to 95%
Storage temperature	-20 to 60°C
Shock resistance	drop from 1,5 m onto concrete surface

Others

Warranty	5 years
