

V-POS 15" Touch POS system (TrueFlat, CPU J4125, 4GB RAM, 128G mSATA), no OS

Birch V-POS is positioned for its state-of-the-art design with powerful processor inside for practical solutions. You will appreciate the very good price / performance ratio.

Key features:

- 15" P-CAP-touch display
- 4GB RAM and 64 GB SSD memory
- TrueFLAT construction
- attractive design
- metal and Aluminum chassis

Technical Description

Functionality & Operation

CPU Type	CPU J4125
Memory	4GB DDR3L-1333 MHz
Expansion slot	PCI-e mini card
Storage device	mSATA SSD 128 GB
Display type	15" LVDS Interface , 300cd/m² , Resolution 1024x768
Touch-screen panel	Yes, capacitive multi-touch Project Capacitive Touch (10 Points)
Communication interface	Audio, RS232, Ethernet, USB, VGA
Operating system	without operating system

Electrical

Power Source	12 VDC Input AC 100-240V 1.6A (MAX) 50/60Hz, Output DC 12V 5A
