

Honeywell®

CW45 Rugged Wearable Computer Android, camera, BT, Wi-Fi 6, NFC, 6GB/64GB, IP67

Built on the Mobility Edge platform, the Honeywell CW45 Android portable computer is a robust, high-performance device that enhances retail productivity and improves workflow. It features a low center of gravity, compact size and a 4.7" multi-touch display with HD resolution and scratch-resistant Gorilla Glass 5. The powerful 3,400 mAh battery provides up to 6 hours of runtime. The CW45 is equipped with Wi-Fi 6 - which increases the data throughput and ensures better voice and video communication, even in highly networked areas.

Ultra-reliable performance, data connectivity, and communications for frontline mobile workers in warehouse/DC, retail, logistics, and manufacturing is always where it is needed, when it is needed. Designed from the ground up for comfort, ease of use, and reliability, the CW45 offers a low profile, large HD display, enterprise-level ruggedness, and comfortable, easy-to-wear accessories. The CW45 is designed for businesses that invest in sophisticated solutions and want a durable, stable, secure platform on which to implement them. Built on the newest generation of Honeywell's Mobility Edge™ platform, the CW45 delivers the lifecycle, security, and durability to optimize solution return on investment in the long term.

Ready to pair with key solution accessories:

- [8675i](#) via BT or cabled connection
- Voice or audio headsets (SRX, BT)
- Mobile printers
- Hard keypad
