## PC23d - direct thermal printer, 203dpi, USB

Honeywell PC23d Desktop Printers offer superior user comfort, stylish design, high reliability and maximum scalability. Some features are unique in the bar code office segment. The printer's plastic cover is specially designed to clean it with any disinfectant without damage. The PC23d printer is particularly suitable for pharmacy and medical devices.

Controlling the PC23d is intuitive. It is also very easy to install and use. You can choose minimalist control using icon buttons or multilingual LCD for interactive printer communication with the user. You can use 1/2 or 1 "cavity for higher productivity Create one-of-a-kind print media - it's easier not to be able to do this! Optional basic printer types can be installed user-friendly and you only buy what you really need. accelerates deployment and support in both LAN and WLAN environments Automatic and full support for all major command languages enables seamless deployment to existing environments Remote management minimizes administration and support costs.

The PC23d has the highest print speed in its class 8 ips (inch per second) = 203 mm per second! Programmability enables the deployment of complex applications and solutions, marking - including connecting bar code scanners, scales, keyboards or other peripherals, all without the need for a PC or PLC.

### Key features of the PC23d printer:

- intuitive setting
- direct thermal printing
- suitable for health and pharmacy
- surface treatment of plastic cover for cleaning with disinfectants
- easy media placement with one hand
- print speed 203 mm / sec
- LCD display
- length of the dyeing tape 300 m
- direct thermal printing
- user-replace the printhead

# Technical Description

## Functionality & Operation

1D Barcode Symbologies	All standard one-dimension barcodes
Print speed	203mm/sec (8 ips)
Memory	128MB , 128 MB Flash
Print resolution	203dpi
Print mode	direct thermal
Communication interface	USB
Maximal print width	56mm

## Mechanical

Weight	1.45kg
Dimensions	Width: 125mm, Height: 177mm Length: 215mm
Color	white
Body housing	double-walled plastic

## Consumables

Max. ribbon length	300m
Maximal paper width	60mm
Media core diameter	25.4 to 38.1mm
Maximal roll diameter	127mm

## Others

Warranty	1 year
