- 20 pcs UHF RFID tag, ALN-9610 Squig Higgs 3, 51mm x 16mm, self-adhesive
- 20 pcs UHF RFID tag, ALN-9840 Squigle Higgs-EC, 12mm x 98mm, self-adhesive
- 20 pcs UHF RFID tag, ALN-9768 Wonder Dog Higgs-4, 26mm x 89mm, self-adhesive
- 20 pcs UHF RFID tag, ALN-9862 Short Higgs EC, 21mm x 73mm, self-adhesive

All RFID tags are rewritable, each type is accompanied by detailed documentation of tag parameters.

Technical Description

Functionality & Operation

Frequency	UHF: 865 - 868 MHz (EU)
RFID transponder protocols	ISO 18000-6C
Memory	512 Bits (User); 96-480 Bits EPC Size
Write cycles	10000

Consumables

Media thickness	0.2 to 0.41mm
-----------------	---------------

Environment

Operating temperature	-40 to 70°C
Relative humidity (non-condensing)	20 to 90%

Others

Certifications	RoHS
----------------	------
