

## Zebex Z-8072 Plus: Stolní čtečka čárových, 2D a QR kódů, USB

The Zebex Z-8072 Plus 2D Image Hands-Free Scanner provides great features with enhanced performance.

The powerful 2D Scanner and the compact size allow users to aim intuitively with accuracy even if space is limited. Furthermore, it is designed to read barcodes off smart phone screens even when they are in low backlight settings. It is the perfect solution for any space-constrained environments.

### Highlighted features of the Zebex Z-8072 Plus Scanner

- Enhanced to quickly scan barcode at low-brightness on smart phone screen
- Enhanced scanning on reflective surfaces
- Enhanced scanning sensitivity, range, and speed
- Enhanced readability in special environments
- Easy to use; setting change not necessary for different applications
