

RFID Silverline label classic M4i, 100mm x 40mm, PET, 350 et/kot

This powerful RFID label that can, in many cases, replace a hard RFID tag. Ideal for applications such as industrial logistics, asset tracking and work-in-process monitoring. The label can also be attached on curved surfaces like liquid bottles and metallic cylinders without affecting its performance.

The Confidex Silverline family is designed and verified to work with the Zebra ZT410 RFID Silverline printer. Other Zebra printers are not recommended or supported.
