

RFID Silverline label classic M4i, 100mm x 40mm, PET, 1 piece

This powerful RFID label that can, in many cases, replace a hard RFID tag. Ideal for applications such as industrial logistics, asset tracking and work-in-process monitoring. The label can also be attached on curved surfaces like liquid bottles and metallic cylinders without affecting its performance.

The Confidex Silverline family is designed and verified to work with the Zebra ZT410 RFID Silverline printer. Other Zebra printers are not recommended or supported.

Technical Description

Functionality & Operation

Reading/writing distance	5m
Frequency	UHF: 865 - 930 MHz
Memory	256bit EPC, 480 bit User
RFID transponder protocols	EPC Class 1 Gen2, ISO 18000-6C

Mechanical

Body housing	metal
--------------	-------

Environment

Operating temperature	-35 to 85°C
Ingress protection	IP68
